Chateau Grand Traverse Announces Tankhaus: An Unreal Lodging Experience

March 29, 2019

TRAVERSE CITY, MICHIGAN – For years Chateau Grand Traverse (CGT) has set the standard for the Michigan winery experience. Their sustainable practices and vine to wine philosophy are just a few of the reasons they're one of the premiere wineries in northern Michigan. Now, the winery is excited to announce the Tankhaus - an "unreal" kind of vacation rental. If you're someone who wants to be one with the land or one with their wine, here's your chance.

Now in its 45th year of growing grapes and making premium wines on Old Mission Peninsula, CGT is pleased to bring a brand new kind of lodging experience to Traverse City. "We've got all sizes of tankhauses. We have tankhauses for a singles, tankhauses for couples on romantic getaways, and even family-sized tankhauses," stated Winery President, Eddie O'Keefe. "With over 100 different tanks, we're able to accommodate as many as 200 guests per night, making this the perfect place for corporate retreats and wedding parties!" O'Keefe concluded.

The winery will be releasing a promotional video on their Facebook and other social media accounts on the morning of April 1st, 2019 and encourage anyone who enjoys a good laugh to share and promote the video as well!

"Traverse City natives and visitors alike are always looking for the next best travel experience and we think this may just be it," says CGT Marketing Coordinator, Megan Molloy. "We're excited to offer the Tankhauses in addition to our 6 bedroom Inn to truly give visitors an 'inside look' at the winemaking process." Molloy concluded.

The winery looks forward to having some fun and sharing a laugh on April 1st and hopes you'll join in on the fun. Cheers and Happy April Fool's Day!

Chateau Grand Traverse is a family owned and operated winery, producing world-class wines on Old Mission Peninsula for over forty years. The winery focuses on producing wines from European Vinifera grape varieties with the upmost quality, consistency, and environmental sustainability. Visit the winery for a complimentary tour of the winery, and taste our regionally distinctive, award-winning wines.
