## 2020 PINOT NOIR ROSÉ VIN GRIS

### TASTING NOTES

With classic salmon hued color and medium body, our Pinot Noir Rosé flourishes with natural crispness as well as sleek and savory texture. A complex bouquet of tart cherry, ripe melon, and slight vanilla evolve with rich mouthfeel and lingering flavor. With elegance, subtle nuance, and just the right touch of sweetness, “Katherine Rose Cuvee” will most certainly command a room.

### WINEMAKER NOTES

The Pinot Noir grapes for our Vin Gris Rosé were hand-picked and loaded whole cluster into the press and allowed to cool soak with their red skins for a few hours before gently pressing. This cool soaking process draws light color from the grape skins and also captures additional flavor and mouthfeel. Fermentation was conducted in both stainless steel tanks and larger Stück Barrels at cooler temperatures to round the bright fruit esters and floral aromas. The resulting Pinot Noir is fruity with nuance and complexity not seen in standard Rosé. After finishing, the wine was cool aged in stainless steel before bottling.
